

Millennium Development Goals and Global Health: Practical Opportunities

Monday, February 13, 2012
5:00 - 6:00 p.m., Union South, TITU

*Poverty & hunger ... global health
women's empowerment
education ... technology
environmental sustainability*

Join student speakers from the
ISS - Millennium Development Goals
Awareness Project to learn about the
United Nations Millennium
Development Goals.

Hear about Millennium Goal related research, internship and volunteer opportunities to:

- Develop job skills in Millennium Goal areas,
- Foster global competency,
- Advance the goals locally, nationally, and internationally.

Don't miss this unique opportunity to gain the perspective of your peers regarding how to gain valuable, resume-building experiences needed to turn your passion for learning about global health into a career path!
