Presentation Tips from Reach Volunteers

During our last training social on October 9th, Reach volunteers shared some fantastic tips to help with presentations and we wanted to share these ideas with everyone. Enjoy!

**How to practice:**
- Outline presentation
- Develop and integrate visual aid(s)
- Practice with friends
- Practice speaking slowly

**Why to keep your message succinct:**
- Helps audience connect
- Ensures your key message will stay with the audience
- Preserves engagement

**How to use visuals effectively and potential visuals to use:**
- Support (don’t repeat) what you are saying
- Pictures (especially of your home country)
- Maps
- National flags
- Objects for the audience to hold (e.g. postcards)
- Engages your audience’s imagination

**How to keep the audience engaged:**
- Maintain eye contact
- Introduce humor
- Ask questions
- Select volunteers
- Good body language / gestures
- Tell a relevant story
- Provide an introduction: who you are, what to expect
